### **Welcome | Transformation Agility**

The value of agility in today's workforce cannot be overstated. Businesses are adapting faster than ever as they move toward flatter organizational structures. This shift means that there's less adherence to stricter roles and hierarchies. Gone are the days when only senior leaders had to manage strategy and only business managers had to look at finances.

Exercising your mind may be just as important as exercising your body. Adding brain teasers and learning activities that support mental agility to your weekly routine not only boost your memory, but can also protect against aging and certain types of dementia, and improve the quality of life in your mature years.
