### The Accountable Kids Program

Positive reinforcement is a common choice for parents, as it can be implemented in many different contexts and for many different behaviors.. Many of the tips above can be applied to parenting as well as the classroom, but there are some specific tips and techniques that parents will likely find to be even more effective with their children.

### Positive Reinforcement in Psychology (Definition + 5 Examples)

A single parent is a person who lives with a child or children and who does not have a wife, husband or live-in partner. A single parent may have either sole custody of the child or joint physical custody, where the child lives part-time with each parent. Reasons for becoming a single parent include divorce, break-up, abandonment, death of the other parent, childbirth by a single woman or ...
