About the Editors | Nature - Philip Campbell

Sociological theory vs. social theory. Kenneth Allan proposed the distinction between sociological theory and social theory. In Allan's usage, sociological theory consists of abstract and testable propositions about society. It often heavily relies on the scientific method, which aims for objectivity, and attempts to avoid passing value judgments. In contrast, social theory, according to Allan ...

Al is a neurotoxin and the most commonly used vaccine adjuvant. Our results, supported by the Hill's criteria for establishing causality between exposure and outcome indicate that a causal relationship may exist between the exposure to Al from vaccines and the rising prevalence of autism in the Western world.

Do aluminum vaccine adjuvants contribute to the rising ...

It is argued that learning is better and more successful when conducted in the variety spoken by students. In addition, it is claimed that the use of students' variety in education enables students to use their own potential and helps them to achieve 'deep learning.' Besides, the use of students' native dialect in education enhances the social, cognitive, emotional and linguistic ...
