2,000 Years of Catholic Ethics by Rob Esdaille. At its core, Catholic Social Teaching is simply the attempt to spell out the ethical consequences of the confession, "Jesus is Lord," for the way in which we live. It is important to note that it is faith which is the starting-point for this reflection, not simply concern about particular issues facing society.

Environmental Ethics. The field of environmental ethics concerns human beings' ethical relationship with the natural environment. While numerous philosophers have written on this topic throughout history, environmental ethics only developed into a specific philosophical discipline in the 1970s. This emergence was no doubt due to the increasing awareness in the 1960s of the effects that ...
