Geomancy (Greek: γεωμαντεία, "earth divination") is a method of divination that interprets markings on the ground or the patterns formed by tossed handfuls of soil, rocks, or sand. The most prevalent form of divinatory geomancy involves interpreting a series of 16 figures formed by a randomized process that involves recursion followed by analyzing them, often augmented with ...

The Vertex is almost always found on the right or occidental side of the horoscope. The exception occurs in extreme northern latitudes. The occidental side of the horoscope is co-dependent and other-directed so that the Vertex represents characteristics, attributes, qualities and skills to be cultivated in this lifetime through the demand and urging of other people.

A chart's purpose is usually to help you properly interpret data. But sometimes, it does just the opposite. In the right (or wrong) hands, bar graphs and pie charts can become powerful agents of deception, tricking you into inferring trends that don't exist, mistaking less for more, and missing alarming facts.

Birth Time Entry. Please select the hour of birth in the hour field, and enter the minute (between 00 and 59) in the minute field. The time must be given in wrist watch time, as it would have been shown on a normal person's wrist watch at the place of the birth event. All necessary corrections for time zone or daylight saving time are applied by the computer automatically.
